Furqan Hashmi

FRONTEND WEB DEVELOPER

SUMMARY

I am a Web Developer with over 1 year of hands-on experience . My journey in the industry has equipped me with a deep understanding of front-end technologies, including HTML, CSS, and JavaScript, along with proficiency in popular frameworks such as React and Bootstrap . Collaborate with cross-functional teams to translate design concepts into functional web pages. Familiarity with version control systems, especially Git. Ability to meet project deadlines and work independently. Excellent communication skills for effective collaboration with team members. Strong analytical and problem-solving skills to troubleshoot issues efficiently. Excellent collaboration and communication skills to work effectively with designers and back-end developers.
